Copy the graphic organizer on back → Then, complete it as directed

Directions Write the name of your community or a nearby community in the center oval. Then list characteristics in each oval that might interest visitors. Use the questions as a guide.

Place Who lives here? What kinds of businesses or activities can people visit? What kinds of clothes do people need for the land or climate?

Location In what state is this place? What are its latitude and longitude? What other interesting places are nearby?

Region What foods, activities, or special interests is this region known for? How are the people here similar to or different from other people in nearby places?

Movement How can visitors get to and from this place (airports, highways, train stations)? How do goods or ideas from this place affect people in other places?

Human-Environment Interaction How can visitors take care of the environment here? What should visitors know about the environment here?
